

FRONT RANGE ENERGY

American Made, Colorado Produced Biofuel

1/13/2016

To Whom it May Concern,

We are pleased that we hired ERI Solutions, Inc. to perform non-destructive testing and inspection services at our facility because of their expertise, not only in non-destructive testing and inspection, but their in-depth understanding of our industry and its uniqueness as it pertains to codes, standards, regulatory requirements and best management practices.

We have found ERI Solutions, Inc. to be more than a service provider, they are a trusted advisor and partner in helping us ensure we maintain our facility to maintain compliance, avoid unexpected downtime and keep our employees and facility safe.

Dan Sanders Jr
Vice President
